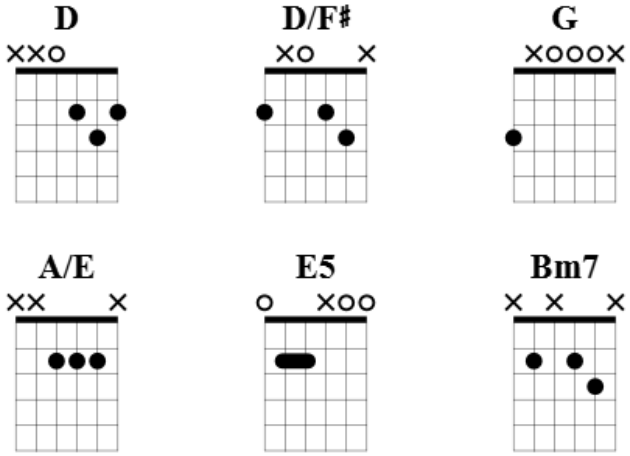
Thinking Out Loud



```
D         D/F#                                        G              A
          When your legs don't work like they used to before
D        D/F#                                     G     A
        And I can't sweep you off of your feet
D       D/F#                                       G           A
       Will your mouth still remember the  taste of my love
D      D/F#                               G      A
     Will your eyes still smile from your cheeks

             D   D/F#           G   A          D  D/F#    G A
And darling I will be loving you till we're 70
             D  D/F#                    G  A        D    D/F#
And baby my heart could still fall as hard at 23
G                          A
And I'm thinking bout how

[Pre-Chorus]
Em                           A      D
People fall in love in mysterious ways
Em                          A
Maybe just the touch of hand
      Em                                A          Bm
Well me I fall in love with you every single day
    Em                          A
And I just wanna tell you I am
            D       D/F#
So honey now..
[Chorus]

G A                              D    D/F#
   Take me into your loving arms
G A                                D        D/F#
  Kiss me under the light of a thousand stars
G             A                   D     D/F#
  Place your head on my beating heart
              G    A
I'm thinking out loud

           Bm  A    G    D/F#     Em   A   D
And maybe we found love right where we are
