

Dance The Night Away

The Mavericks

F x 4

intro

Verse 1

Here comes my happiness again

'Cause now she's gone and I am free

Cx4 (Throughout!!)

Right back to where it should have been

And she can't do a thing to me

Chorus

I just wanna dance the night away

Right now tomorrow's lookin' bright

With señoritas who can sway

Just like the sunny mornin' light

Verse 2

And if you should see her

Well

And if she should tell you

Tell her no

Please let her know that I'm

As you can tell

That she wants me back

I gotta go

Chorus

Repeat verse 2
