Birds singing in the sycamore tree Dream a little dream of me

Say night-ie night and kiss me

 <p>F</p>	 <p>D7</p>
x4	x4

Just hold me tight and tell me you'll miss me

While I'm alone and blue as can be Dream a little dream of

Me

Stars

fading but

I linger

on, dear

Still

craving your

kiss

I'm

longing to

linger till

dawn, dear

Just saying                      thi-----                      --is

Sweet                      dreams till sunbeams                      find                      you

Sweet dreams that leave all worries behind you

But in your dreams whatever they be,                      Dream a little                      dream                      of

Me

Stars                      fading but                      I linger                      on, dear

Still                      craving your                      kiss

I'm                      longing to                      linger till                      dawn, dear

Just saying                      thi-----                      --is

Sweet                      dreams till sunbeams                      find                      you

Sweet dreams that leave all worries behind you

But in your dreams whatever they be,

Dream a little

dream

of

Me

(Slowing)

But in your dreams whatever they be,

Dream a little

dream

of

Me
