

2-4-6-8 Motorway

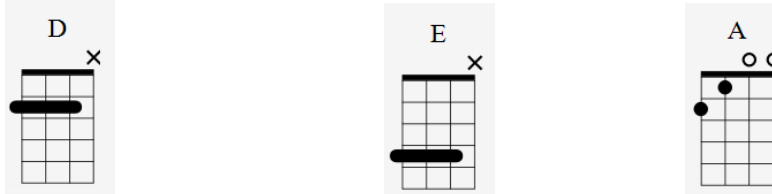

Drive my truck midway to the motorway station

Fairlane cruiser coming up on the left hand side

Headlight shining, driving rain on the window frame

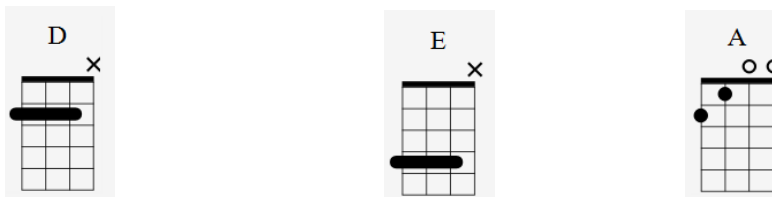

Little young Lady Stardust hitching a ride, and it's

Chorus

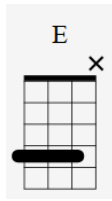

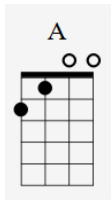

2-4-6-8-

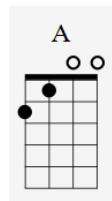

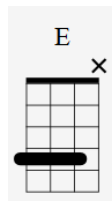

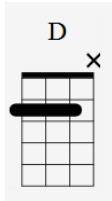

ain't never too late

Me and my radio truckin' on through the night

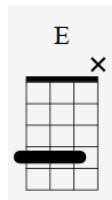

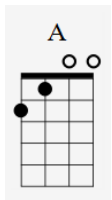

3-5-7-9 on a double white line

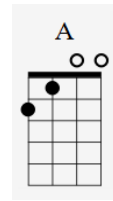

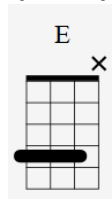

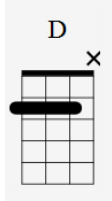

Motorway sun coming up with the morning light

Verse 2

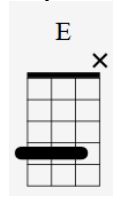

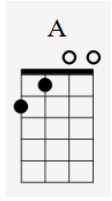

Whizzkid sitting pretty on your two-wheel stallion

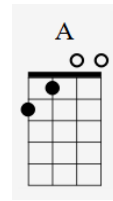

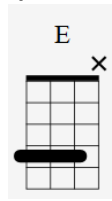

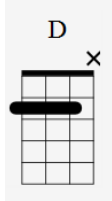

This ol' ten-ton

lorry got a bead on you

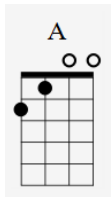

Ain't no use setting up with a bad companion

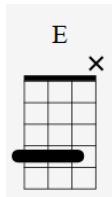

Ain't nobody get the better of you-know-who

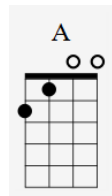

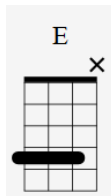

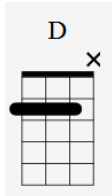

Chorus

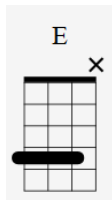

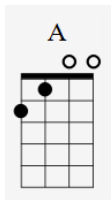

2-4-6-8-

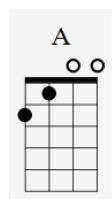

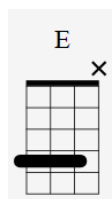

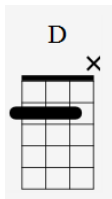

ain't never too late

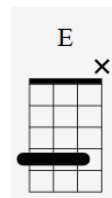

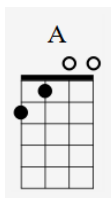

Me and my radio truckin' on through the night

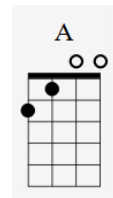

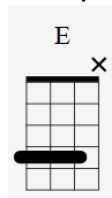

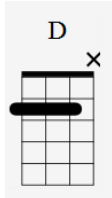

3-5-7-9 on a double white line

Motorway sun coming up with the morning light

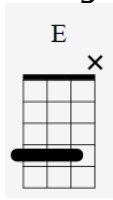

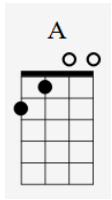

Well there ain't no route you could choose to lose the two of us

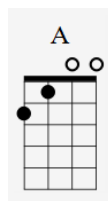

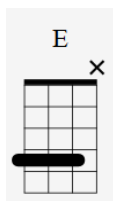

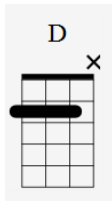

Ain't nobody

know when you're acting right or wrong

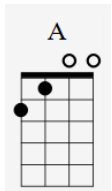

No one knows if a roadway's leading nowhere

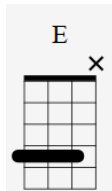

Gonna keep on driving home on the road I'm on

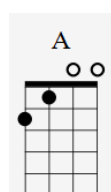

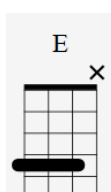

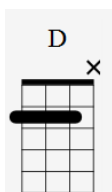

Chorus

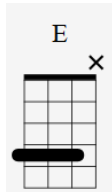

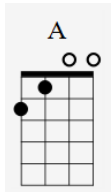

2-4-6-8-

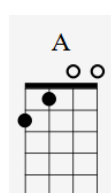

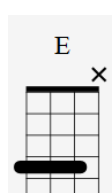

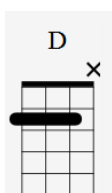

ain't never too late

Me and my radio truckin' on through the night

3-5-7-9 on a double white line

Motorway sun coming up with the morning light
